

## 2675/A/43

### MORSETTO PER APPARECCHI DI ILLUMINAZIONE TERMINAL BLOCK FOR LIGHTING FIXTURES

#### Dati tecnici

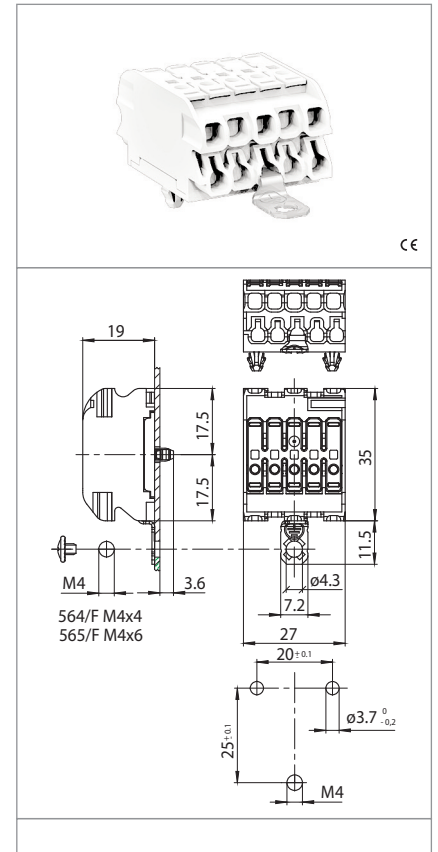

##### Technical data

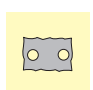

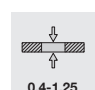

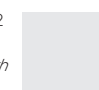

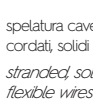

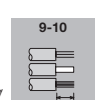

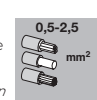

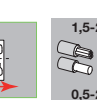

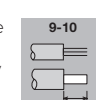

- Poli - Poles	<b>4P+T</b>
- Corrente e tensione nominale - Rated current and voltage	<b>24A-450V</b>
- Temperatura massima di funzionamento (IEC) - Maximum operating temperature (IEC)	<b>T85</b>
- Grado di protezione - Protection index	<b>IP20</b>

#### Caratteristiche

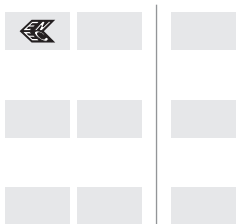

##### Characteristics

- Corpo in policarbonato bianco  
– White polycarbonate body
- Corpo serrafiolo in rame/acciaio stagnato  
– Internal part in tin plated copper/steel
- Connessione di terra in acciaio zincato  
– Earth connection in zinc plated steel

 fissaggio ad innesto push-in fixing	 spessore lamiera di fissaggio fixing metal plate thickness 0,4-1,25	 entrata: automatico uscita: automatico input side: push wire output side: push wire	 serrafiolo automatico a 2 fori push-wire terminals with 2 holes	
 serrafiolo lato superiore upper side terminals	<b>SERRAFILO</b> TERMINALS		 serrafiolo lato inferiore lower side terminals	
 spelatura cavetti cordati, solidi e flessibili stranded, solid and flexible wires stripping	 9-10 sezione conduttore cordato solido e flessibile stranded, solid and flexible conductor section	 0,5-2,5 mm <sup>2</sup>	 1,5-2,5 mm <sup>2</sup> sezione conduttore cordato e solido stranded and solid conductor section	 9-10 spelatura cavetti wires stripping

#### Marchi di qualità Quality marks

#### Direttive Europee European directives

Conforme "RoHS"  
"RoHS" compliant  
Non soggetto alla "RAEE"  
Not subject to "WEEE"

#### Pesi e confezioni Weights and packaging

Art. Codice prodotti Product references	g Peso netto Net weight	n° pz per sacco per bag	n° pz per scatola per box	n° pz per cartone per carton
